Relative Feed Value (RFV)		
Relative Forage Quality (RFQ)		

Interpretation of Relative Feed Value (RFV) for Alfalfa Only

Quality	RFV	Uses
Supreme	> 185	Prime dairy
Premium	170 - 185	Good dairy, young heifers, excellent for backgrounding
Good	150 - 170	Good beef, older heifers, marginal for dairy cows
Fair	130 - 150	Maintenance for beef or dry dairy cows
Utility	< 130	Poor quality
